BELIEVE 2,000 LIVES LOST WHEN A BRITISH SHIP SINKS

Arch Angel Dispatch Declares
British Vessel Goes Down
With Two Thousand Aboard

DISASTER GREATEST
IN MARINE HISTORY

Report Not Confirmed by Lon-
don Sources, Which Claim
No Information Received.

Believe Vessel Was Carrying
British Soldiers From Arch
Angel to England.

(By Associated Press.)

Archangel, October 11.—
Two thousand lives have
been lost in the wreck of an
unnamed British ship on the
Norwegian coast, according
to a wireless dispatch from
Helsingfors.

If the loss of life in the
wreck reported in the fore-
going is as large as indicated,
the disaster will mark a new
record in the annals of the
sea.

It would seem probable
the ship wrecked was a mili-
tary transport bringing
British soldiers from Arch-
angel.

The largest loss of life in
a marine disaster occurred
when the Titanic struck an
iceberg and was sunk south
of New Foundland, April 14,
1912, the list of deaths show-
ing 1503 names.

NOT CONFIRMED

(By Associated Press.)

London, October 11.—Neither the
Admiralty nor Lloyds have received
any information relative to the wreck
of a British ship on the Norwegian
coast. At these sources the report
was discredited.

WILL PREPARE OPINION UPON DRY BILL PASSED

Attorney General to Render An
Opinion in Anticipation Of
Attack.

Prohibition Measure Soon To
Become a Law

(By Associated Press.)

Washington, October 11.—Antici-
pating attacks on the constitutionality
of the war-time and constitutional
prohibition enforcement legislation,
Attorney General Palmer will prepare
an opinion which will be transmitted
to the White House before the bill
becomes a law.

Enactment of the legislation was
completed yesterday by Congress, and
the measure probably will be sent
to the White House Monday.

Unless signed by President Wilson
within two days, it automatically
would become law.

FRANCE TO PRESERVE TO HISTORY SPOT WHERE FIRST AMERICAN FORCES LANDED

Troops of France and United States at the ceremony of the laying of the cornerstone of the big monument to be erected to immortalize the spot where the first A. E. F. landed.

President Poincare of France may be seen leaning over, just to the left of the pillar. He is laying the cornerstone of the big monument to be erected at Pointe de Graves, near Bordeaux, to immortalize the spot where the first of the American Expeditionary Forces landed. In the foreground may be seen General Tasker H. Bliss, U. S. military representative at the peace conference and Assistant Secretary of State Frank L. Polk in the center of the picture and General Bliss is looking at him. Troops of both countries were present at the ceremonies.

Walk-Out Tentatively Called For
November 1st.

(By Associated Press.)

Philadelphia, October 11.—The
conference of bituminous coal
miners and operators in session here
considering demands of the
miners for 60 percent in-
crease in wages and reduc-
tion in working hours to-
day disagreed and will ad-
journ.

Unless something happens in the
meantime leaders of the mine work-
ers say that the strike threatened for
November 1st will take place.

Operators have declared they can-
not concede either of the demands
of the workers.

The miners affected are in western

are involved.

WOULD CAUSE MUCH SUFFERING

(By Associated Press.)

Columbus, O., October 11.—A seri-
ous coal shortage closing many indus-
trial institutions and causing suffer-
ing in thousands of homes would re-
sult if a strike of the miners in Ohio
occurred, it is declared.

There are 45,000 miners in Ohio
who would be out of employment.
Ohio miners are not surprised over
the failure at Philadelphia to agree.

AVIATORS BATTLING WITH RAIN AND WIND

Leaders Nearing Goal in East
And West Despite Unfavor-
able Weather Conditions.

Dozens of Machines Plunging
Through Rain Storms Over
Middle West.

(By Associated Press.)

Chicago, October 11.—Des-
pite unfavorable weather
over a large part of the
course, army aviators today
continued their trans-con-
tinental aerial contests.

The flyers battled with
rain in the east and high
winds in the west, while
weather in the Central
States was unsettled.

It is expected the leaders will
reach New York and San Francisco
finishing the first half of the contest
this afternoon.

Major Carl Spatz gained the lead
in the race from San Francisco to
New York while Lieutenant Keil is
in second place and Captain Smith in
third.

Captain Smith lost his way in a
heavy rain seven miles south of
Cleveland and damaged his plane in
making a forced landing. The ma-
chine overturned in a ditch but Smith
escaped injury.

Lieutenant B. W. Maynard, the fly-
ing parson, at last reports was speed-
ing toward San Francisco with ex-
pectation of arriving there this af-
ternoon.

Lieutenant Drayton, who is second
in the west-bound group, expects to
reach San Francisco before dark to-
day.

Nine of the aviators who spent last
night at Cleveland resumed their
westward trip today. The eleven fly-
ers who spent the night at Bryan, ar-
rived in Chicago today. Several
planes also left Buffalo for Cleveland
this afternoon. It was raining hard
at Cleveland.

Chillicothe, O., October 11.—The
common pleas court today held that
the summons served upon the defend-
ants in the case of Fred Patterson
against H. W. Jones and others, in
which plaintiff seeks \$25,000 damages,
was illegal and that if the action was
to remain in the Ross county courts,
summons must be served upon de-
fendants while they are in Ross coun-
ty of their own free will, and not
when they are in the county in re-
sponse to a legal writ of the courts.

fendants.

SERIOUS REVOLT WELL UNDER WAY IN PETROGRAD

Anti-Bolsheviks Take Up Arms
And Hold Many Buildings

(By Associated Press.)

Copenhagen, October 11.—Accord-
ing to a dispatch from Helsingfors,
Russian newspapers report serious
fighting has broken out in Petrograd
between adherents and opponents of
the Bolsheviks.

The "counter revolutionaries" have
taken possession of several impor-
tant buildings and government institu-
tions.

This announcement of a serious re-
volt against the Bolsheviks in Petro-
grad together with the bomb out-
rages against the Bolshevik leaders
in Moscow indicate serious internal
opposition to the Bolsheviks.

Robbers Halt Payroll Car Near

(By Associated Press.)

Toledo, O., October 11.—Bandits
in an automobile escaped with five
thousand dollars here today, after
holding up to men carrying the
Pinkerton Tobacco Company payroll
and shooting an employee, George Hill-
man. He received four shot wounds
and is expected to die.

The holdup occurred at a street
corner near the plant, when the band-
its halted the payroll car, and with-
out waiting for the money to be
handed over, shot Hillman. Another
employee was forced to turn over the
money.

LAYING PLANS FOR SETTLEMENT

(By Associated Press.)

Washington, October 11.—Found-
ation for the settlement of many of
the most vexing problems in the na-
tional industries have been laid at
the first week's sessions of the Na-
tional Industrial Conference, it was
declared today by delegates represent-
ing the three groups.

Each of the groups have outlined
their attitudes in proposals made.
Next week, it was said, the work of
assimilating these proposals will be
started.

This is the task for which the con-
ference was called by President Wil-
son.

And Russian Cannon.

ESTHONIANS SEND

Military Experts See Increased
Bloodshed With New Turn
Of Affairs on Baltic.

(By Associated Press.)

London, October 11.—It
was stated in authoritative
quarters here today that a
German-Russian attack on
Riga was carried out on Fri-
day under cover of a heavy
bombardment by German
guns, forcing the Letts to
evacuate the city.

The reported capture of
Riga is regarded most seri-
ously by military experts
here. They say that be-
tween the German and Rus-
sian troops and the city of
Petrograd there is no force
that would prove effective in
stopping an advance upon
that city, from which, once
it was reached, it would be
difficult to dislodge them.

It was learned that well informed
circles in London accepted the cap-
ture of Riga as a fact. Their belief, it
develops, was based upon a private
dispatch.

The Lettish Legation here was with-
out news of the latest developments
in Riga. It expressed the fear that
communication has been interrupted.
(Cable company advices received in
New York today said that communi-
cation with Riga and other Baltic
ports had been cut).

It was stated at the Legation that
the Estonians were sending at least
two divisions of troops to aid the
Letts against the Germans.

Pumpkin Pie

If Nature has given to us anything better than a good, ripe, yellow pumpkin, when cooked and baked into a thick, brown, delicious pumpkin pie, it is yet to be discovered.

Bring out your favorite recipe for pumpkin pie, select the pumpkin, and do your best to surpass all former records, and treat the folks to something really delicious.

And where the recipe calls for milk, use MILK, not a substitute. You would not use a substitute for fresh pumpkin at this season of the year surely.

Then why not use REAL MILK when it is so easy to obtain?

Just as sure as pumpkin pie is good to eat (and who doubts it) pure, fresh dairy milk will make it better.

TWO CARS WRECKED IN HEAD-ON CRASH

Two automobiles met with a head on collision on the Good Hope pike near the John King residence about nine o'clock Friday night, with the result that a Buick Coupe driven by Kearns Thompson of this city had the left front wheel and fender smashed and the frame cracked while a Ford touring car was almost demolished.

The Ford contained two young men from Jeffersonville, Pent and Wilson. Mr. Thompson was coming towards this city and met the two Jeffersonville men going towards Greenfield. The two left front wheels of the machines locked and the front wheels of the Jeffersonville car were torn off from the car.

While the impact of the rapidly driven cars was sufficient to cause a great amount of damage, no one was injured.

AUTO IN DITCH ON DEVALON ROAD

When a Ford machine suddenly popped out from behind a buggy on the Devalon road, one mile from the outskirts of the city, Friday evening, an Overland machine driven by Wilbur Baker, of Plymouth was forced to take the ditch or crash into the Ford. The ditch was chosen and the Overland, after cutting off a telephone pole came to rest on its side in the ditch, not badly damaged and the occupants, including Deputy Sheriff A. C. Nelson, escaping injury.

The man driving the Ford, in attempting to get out of the predicament in which he found himself after attempting to pass the buggy, is said to have skidded and his machine blocked the road.

CONTINUED RAINS MAKE WHEAT GROW

The rains of the past few days have been very beneficial to the wheat recently sown, and many of the fields are greening up very rapidly as result of the ideal growing weather.

However the rains have not been welcomed by those who have not finished sowing their wheat, and the delay is causing them considerable uneasiness because of the lateness of the season for sowing.

Fall pastures also have been greatly benefited by the rains.

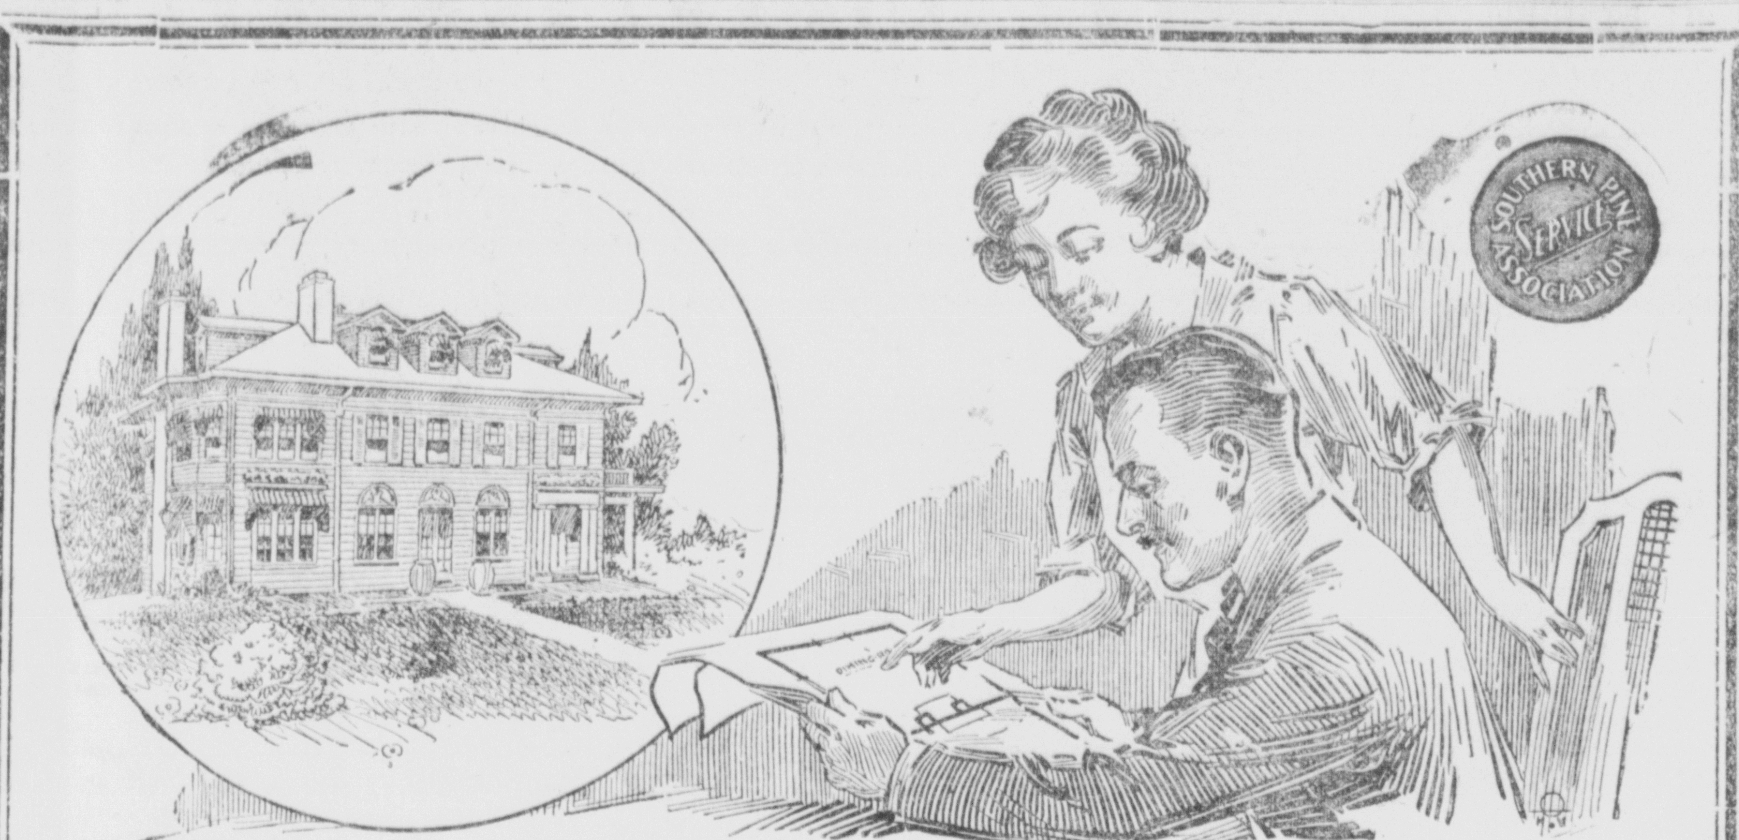

INDEPENDENT TEAM FOR CHILLICOTHE

Chillicothe High School will not be represented on the gridiron this fall but the High School players and former High School athletes are forming a team which will exceed in strength any eleven which could possibly be formed in the Chillicothe School.

It is understood that plans are on foot in this city for forming an independent team.

MONEY DIVISION

Chicago, October 9.—The players on the Cincinnati team, by annexing Thursday's contest, and thereby cap-

turing the series, will receive \$117,157.68, which divided into 22½ shares will net each share \$5,207.01.

The White Sox will draw down \$78,104.79, and each of the 24 players will receive \$3,254.36.

The National Commission obtained \$72,241.40, or one tenth of the total receipts of \$722,414 taken in, exclusive of war tax on all eight games.

The totals for eight games follow: Attendance, 236,928. Receipts (exclusive of war tax), \$722,414.

Players' share, \$260,349.70. Clubs' shares, \$389,822.50. Commission's share, \$72,241.40. Total for Cincinnati Nationals, \$117,157.68. Each player (22½ shares)\$5,207.10. Total for Chicago Americans, \$78,104.70.

Each player (24 shares.) \$3,254.36. Second teams of leagues: New York Nationals and Cleveland Americans, each \$19,526.21. Third teams of leagues:

Chicago Nationals and New York Americans, each \$13,017.45.

While there are 24 players on the Reds' team three were allotted only a half share by a vote of the entire team, thereby cutting the total shares to 22½.

GREAT GATHERING OF COTTON MEN AT NEW ORLEANS

(By Associated Press.)

New Orleans, October 11.—Every branch of the cotton trade in addition to banking and transportation interests from all parts of the globe will be represented at the World Cotton Conference here October 13 to 15.

From England alone there will be 75 representatives, according to advices received from Liverpool. There also will be representatives from thirty other nations directly interested in the cotton industry. Practically every state in the union will have representation at the meeting.

Following is a list, which may later be extended of the countries which will be represented at the conference: Great Britain, Canada, Poland, Finland, France, Switzerland, Italy, Spain, Portugal, Czechoslovakia, Belgium, Holland, Sweden, Norway, Denmark, Greece, India, China, Japan, Brazil, Argentina, Uruguay, Chile, Peru, Colombia, Ecuador, Venezuela, Guatemala, Mexico and Persia.

The delegates will represent billions invested in the cotton industry and allied interests. There will be the grower, ginner, seed crusher and manufacturer of seed products, compressor, cotton merchant, transportation and insurance agency, banker, spinner, manufacturer, textile merchant, converter, finisher and every recognized branch of the cotton industry.

Men familiar with the subject of cotton in all its phases will address the conference and participate in the business sessions during the four days meeting. Experts will deliberate on the problems confronting the cotton industry and will outline plans for improvements which it is expected will eliminate waste and have a strong tendency to develop the growth of the industry.

Eastern football critics who saw Rutgers start the season with an easy victory over Ursinus, hand out the word that Coach Sanford's team will bear watching before the season is far under way. The team has a powerful attack and handles the ball cleanly. The only weakness evident so far is in the line on defense. This probably is due to lack of practice. F. B. Kellog is captain of the team.

HORROR ATTENDS ADVANCE MADE BY BOLSHEVISTS

(By Associated Press.)

Omsk, August 15, via Vladivostok, September 5.—(By Mail)—Almost unimaginable suffering and great loss of life has attended the hurried evacuation of vast territory west of Omsk owing to the recent advance of the Bolshevik armies. Refugees from the territory menaced by Bolshevik invasion were herded into boxcars with the wounded and ill from the fighting front and started eastward into Siberia with a pitiful lack of doctors and nurses.

Conditions prevailing at Koulomzino station across the river from Omsk probably are typical of dozens of other places along the Siberian railway as far east as Krasnoyarsk.

In this auxiliary freight yard at Koulomzino, The Associated Press correspondent saw trainloads of ill and wounded men wasted with dysentery, typhus and typhoid, lying on bare plank floors under filthy overcoats or blankets, too weak to move. There were men with wounds that had not been dressed for days and those bodies were so shrunken from disease and lack of food that they resembled living skeletons or rather dying skeletons.

In some instances the dead had lain for days in the midst of the living and dying who were so dulled by suffering as not to know or care.

Among these refugees the Inter-Alleed anti-typhus train in charge of Captain Conner of the American Red Cross and Miss Annie L. Williams of the Red Cross Refugee section endeavored to give temporary aid. Owing to the evacuation of the Red Cross personnel on orders of Ambassador Roland S. Morris, of Tokio, Miss Williams had little aid in distribution of medical supplies and clothing furnished by the Red Cross.

DEMURRER FILED BY BETTS' LAWYER

Chillicothe, O., October 11.—Using all the resources at their command attorneys for Omer Betts, who is under indictment on several charges pertaining to the receiving, stealing and disposing of automobiles, claim that they will be able to free him of most of the charges.

Late Friday Attorney Garret Claypool entered in the Common Pleas court a demurrer to one of the indictments which will have to be acted on by the court before the case is heard.

Three items constitute the body of the demurrer: First—Because the facts stated therein do not constitute an offense punishable by the laws of this state. Second—That section 12163 of the general code of Ohio under which said indictment was made is unconstitutional. Third—Because the intent is not alleged therein, proof of such intent being necessary to make out the offense committed.

London, September 12.—(By Mail)

—Instead of buying food from the United States and South America, Britons are urged by Sir Charles G. Wade, agent general for New South Wales, to buy food from the British Dominions.

"However great may be the disarming power of the League of Nations I cannot close my eyes to the possibility of another world wide conflagration and the risk of our supplies being cut off," said Sir Charles. "In our own interests and for the purpose of national defense this country must be self supporting. What we cannot produce within this island must be imported, and self-interest demands that we shall insure a constant supply of raw materials from our own kith and kin on whose co-operation we can rely, rather than be at the mercy of the changeable good will of a foreign nation. "Our export trade again is seriously

menaced alike by enemy and allies. Already the United States and Japan have made heavy inroads into British supremacy in the East. Both of these nations are already equipped and ready for keen competition in commerce with the United Kingdom, while this country is suffering from an epidemic of increasing cost and diminishing output.

"To recover or maintain British markets a friendly field in the Dominions will be a great help, and a preferential tariff may stave off the danger of undercutting by foreign competitors."

WORK IN PRISON CAMPS FINISHED

Berlin, August 25. (By Mail)—The

work of the American Red Cross in the Russian prison camps of Germany is finished. In response to the orders of Marshal Foch, the Inter-Alleed Commission and the Red Cross has turned over the work to the German authorities. Its accomplishment during the past six months has been mainly the care of the Russian

prisoners during the most critical time, between the armistice and the period when the blockade was raised and Germany was able to carry on the work without outside assistance. It distributed clothing, medicine and foods to camps and hospitals.

That this work has been appreciated by the Inter-Alleed Commission is shown by a letter from General Harries, Chief of the American Military Mission, who wrote thanking the American Red Cross for its "truly great achievements in connection with the Russian and other war prison camps in Germany."

Narrow Escape

One of the many near accidents occurring daily at the South Fayette street crossing of the B. & O. tracks, came a little nearer bringing serious results on Thursday evening than some of the others.

The driver of a team drawing a farm wagon, heavily loaded with coal, seated on the forward part of the wagon, was thrown off his seat and violently pitched forward on to the horses, when the wagon struck the awful crossing.

By frantically reaching out in his headlong descent for something to lay hold of to prevent falling under the horses' feet and the wheels of the wagon he, fortunately, grasped a bar on the front of the wagon and held fast until the team, an unusually quiet one, else the result would have been different even under those circumstances, was brought to a stop.

The B. & O. railroad crossings at Fayette, Main and North streets are in such terrible condition of dillapidation and are such an ever-present menace to life that it really seems warrant for hurry up action by officials or individuals, the railroad management having so long neglected and refused to act.

The near accident of Thursday, while the driver of the wagon might have escaped death under the iron-shod hoofs of his horses would have lost his life if a train had been approaching.

Only by a coincident of "lucky" circumstances has tragedy been averted at these crossings for months past. Any day the lucky combination may be broken and human life pay the forfeit for some one's neglect.

The Showers

The showers, so much needed for the newly sown wheat, have come along in due time. Many fields in Fayette county are green with the soft young wheat already growing nicely. Many other fields have, during the last few days, been seeded and the soft showers of Friday and Saturday were just what has been needed to press the earth about the seeds, secure them in their winter berths where they may go ahead industriously, with nature's aid, getting that start which will next July bring us the golden fields of precious grain for our daily bread.

And yet we sometimes complain because, in our small way, we fail to see Nature's wisdom and generosity.

New Taxing Machinery

We have been hearing and reading a great deal during the last few years about the financial distress of the municipalities of Ohio. Scarcely one of them in all the state, large or small, that is not financially distressed and seriously so.

The cities must have relief—we all realize and acknowledge that. Ohio's income from taxes has not kept pace with her expenditures. That has not been due entirely, or even to any considerable extent, to extravagance or wastefulness. The demands on the public purse have been greater than its contents. Our taxation machinery, especially in the municipalities, has not been equal to maintaining the money supply in an amount sufficient to meet the demand.

The cities must have relief but we must have a care that they bear their proper share of the increased revenue needed.

Better Goods

The need for American workmen to settle down and get to work producing, the need for the American people to stop spending and begin saving if this great nation is to produce a surplus and enter the contest for supremacy in trade of the world, at the head of the great nations, where it deserves to be, has already, many times and in many places, been urged.

There is one other need which America must meet also, and that is the need for care and thoroughness. America must not only produce more manufactured articles, but America must produce better articles.

It is a hard slap in the face for our pride when Americans are forced to buy a great many manufactured products from other nations because our own manufacturers refuse to produce dependable articles.

There is too much of an inclination among many American manufacturers to produce shoddy goods. That inclination has been encouraged by the too liberal enactment of high tariff laws which have protected the American manufacturers from foreign competition, forcing the public in the great American market to buy the shoddy or go without.

With no tariff to protect them in the contest for world trade those American manufacturers must look more to the excellence of their production or they will be sadly left in the great commercial rivalry now entering upon its first stages.

POETRY FOR TODAY

SOUL KINDRED

Two brothers sheltered in the same
home-nest
And hushed to sleep with one sweet
melody,
Bringing their griefs to one fond
mother-brest,
Lipsing the one petition at her
knee,
Two brothers of one blood, yet strange
at heart,
No common thought or feeling do
they know;
One soul where all things beautiful
have part,
One sordid, mean—Oh, why should
this be so?

Brothers in flesh, yet brothers but in
name,
For ties of blood not always make
us kin;
They are our own whose pleasures
are the same,
With longings like to ours their
hearts within.
Brothers there are whose spirits are
as one—
Oh, sweet relationship, oh, happy
fate!
But are your brothers strangers, have
you none—
Somewhere for you the soul's true
kindred wait.

GERMANY WILL
USE WIRELESS
ON WIDE SCALE

Berlin, September 11. (By Mail)—
The use of the wireless is to be
widely extended in Germany, in
especial for the press, if the plans of
the Ministry of Posts and Tele-
graph mature. It is proposed to es-
tablish a collection central in Ber-
lin and wireless plants in various
wireless districts into which the em-
pire will be apportioned. For this
year the construction of 35 wireless
stations and 50 receiving stations sit-
uated in important trade centers is
planned.

Germany needs such an arrange-
ment for its telegraph service is se-
verely criticized, and in addition to
greatly increased prices, it is now
necessary to telegraph the simplest,
shortest message urgent—at three
times the ordinary rate. The wire-
less will be expensive, but it will be
worth it to newspapers and business
houses to be sure of speed.

The German papers that comment
on the innovation are hopeful but
call attention to the unreliability of
of the wireless and raise the objec-
tion that anyone may pick up a mes-
sage, so that a paper having an ap-
paratus might easily steal the news
of another paper.

This is partially controlled by the
fact that the wireless for the present
is subject to the Imperial Ministry
of Posts and Telegraphs, and no one
may have a wireless without official
permission. A private plant that
misuses its apparatus will be sus-
pended immediately—if its owner is
caught. The press message thefts
could be prevented, it is suggested,
by the proper publicity regarding the
offender. Circular dispatches will be
a feature of the plan, whereby the
same bit of news can be sent to any
number of stations at once.

HAS SOLDERING
FOR ALUMINUM

(By Associated Press.)
Geneva, Switzerland, September 14.
—(By Mail)—A discovery which is ex-
pected to save housewives great ex-
pense has just been made by a Berne
engineer, Charles Bingelli, who has
invented a process for solder alu-
minum. Professor Schuler, of the
Federal Institute of Berne, in a test
made a few days ago, soldered 2 bars
of aluminium. They snapped under
the weight of 800 pounds but the sol-
dering successfully resisted pressure.
Heretofore, aluminium had defied
welding, the Professor said.

AROUND THE WORLD
WITH THE AMERICAN
RED CROSS.
In Serbia.

As far back as the first winter of
the war, the Red Cross sent to Serbia
a sanitary commission that effectively
checked the scourge of typhus, but
after the United States entered the
conflict, the Red Cross was able, in
August, 1917, to send a full commis-
sion that carried on extensive relief
operations among the suffering re-
fugees of the tortured nation. Hospi-
tals were established, the refugees fed,
clothed and given medical attention,
the army supplied with much needed
dental treatment, farm machinery, and
seeds provided to help the Serbs re-
deem their land to productivity, and,
not least, measures undertaken for the
sue of the children. The terrible
condition into which these helpless vic-
tims of the war had fallen is well
portrayed by this photograph of a
little Serbian girl wearing the rags
and expression of hopeless dismay
that were all she possessed when the
Red Cross came.

SOCIAL : PERSONAL MENTION : CLUBS

Not often does such good fortune attend a marriage that the sixtieth wedding anniversary is celebrated in the health and happiness which surrounded Mr. and Mrs. E. E. Cockerill, of South Main street, on Saturday, October the eleventh, the milestone of three score years of wedded life.

The fiftieth wedding anniversary had been elaborately celebrated; the sixtieth anniversary was more in the nature of a family affair, with half a hundred guests of the immediate connection participating.

It was a day of exceptional pleasure, the atmosphere of the home radiating hospitality and the genial bridegroom and his bride of sixty years ago showered with good wishes to which they made happy response.

The dinner was an elaborate one, with Ophelia roses artistically used in decoration. The two resident daughters, Mrs. Harry Silcott, of the Greenfield pike, and Miss Almada, at home, assisted in the hospitalities.

The children who came, with their families, to attend the anniversary, were: Mrs. E. W. Horney, Dr. Willard S. Cockerill, of Dayton; Mr. M. L. Cockerill, of Muncie, Ind.; Mr. Gilbert Cockerill, Columbus; Mr. A. G. Cockerill, Mrs. James Beatty, of Greenfield.

The guests outside of the immediate family were: Mr. and Mrs. J. S. Cockerill, Mr. and Mrs. Scott Fisher, Mr. and Mrs. J. W. Cockerill, Mrs. Elizabeth Cockerill, Mrs. Mary Cockerill, Mrs. Sarah Cockerill, Mrs. Margaret Sprinkler, of DeMoines, Iowa; Mrs. Elizabeth Fortier, Mrs. Elsie P. H. Mrs. Elizabeth Portier, Mrs. Elizabeth Cockerill, of Los Angeles, Cal.

The Cecilian Year Book for 1919-1920 made its appearance on Friday and was received with delighted appreciation by club members.

It is the unanimous opinion of the Cecilians that the new book rivals in attractiveness of make-up and versatile, charming programs any ever put out and the chairman of the program committee, Mrs. Elva H. Kelley, with her assistants, Mrs. Netta H. Ballard, Misses Edith Gardner and Helen Teeters, are receiving congratulations galore. The year book is indeed beautifully compiled, its tasteful cover of tan, lettered in seal brown and inside pages of deep cream, entered in the brown. But it is in the programs, each one a concert program of rare attractiveness — that the enormous amount of work and intelligent study given to the book by Mrs. Kelley and her assistants is revealed.

American music afford the year's study and each program presents a distinctive type, embodying war music, Indian music, Negro music, in three separate concerts as well as varied programs of the most beautiful compositions of both American men and women and a choice Christmas program.

The Cecilians may safely anticipate a season of exceptional pleasure and in addition to the programs given by their own members three recitals by well known foreign artists. A limited number of tickets may be obtained for associate memberships and these entitle the holder to all club and artist recitals.

The first program will be presented on Monday October the fourteenth with "War Music" as the attraction at three o'clock at the Federated club rooms.

The first artists' recital will be on November the 25th, when Miss Margaret Crawford, contralto and Mrs. Helen Pugh Alcon, piano, appear.

An account of the marriage of Miss Zula Hoy, a teacher in the Public schools of this city last year, is taken from Friday evening's Columbus Dispatch.

"The marriage of Miss Zula Marie Hoy, of North Fourth street, and Mr. Laundry L. Leslie, of Gilbert street, was solemnized at 6 o'clock Thursday evening at 1448 Neil avenue, the parsonage of Rev. W. J. Zuch, of the West Second Avenue Presbyterian church.

"The bride was attended by Miss Naomi Leslie, sister of the bridegroom, as maid of honor, and the Misses Vera Wyman and Elizabeth Hatmaker as bridesmaids. Mr. George Schae was best man for the bridegroom.

Mrs. Leslie was in the nurses' training school at Protestant hospital. She wore for the wedding a traveling suit of dark blue tricotine with seal trimmings and a small taupe hat. The bridegroom was recently discharged from the navy. He has served two and one half years abroad.

After a short wedding tour, Mr. and Mrs. Leslie will be at home at Mahoning avenue, Canton, Ohio. About the first of the year they will leave for Miami Florida, to make it their future home.

Mrs. George Fabb cordially extended the hospitality of her pretty home on the Chillicothe pike at a charming Bridge-luncheon of three tables Friday.

Vases of pink and white roses were used in decoration and an elaborate menu of luncheon delicacies served. A party of men enjoying an over Sunday house party at the Dahl's country place, "Sweet Briar Ridge" includes Messrs H. B. Dahl, D. S. Craig, G. H. Hitchcock, Jos. H. Harper, E. J. Light and W. B. Rogers, of Wilmington.

Mr. Orville Smith surprised his Washington friends by bringing to the home of his parents, Mr. and Mrs. L. C. Smith, of the Columbus pike, this week a pretty young bride, who was Miss Mildred Switzer, of New York City.

The young couple were married the fourth of June, only a week after Lt. Smith's discharge from overseas service and it was the earlier intention to postpone the announcement of the marriage until they go to housekeeping in the near future on a farm near Leesburg. Since the news has leaked out best wishes are being heartily extended.

Before enlisting for service Mr. Smith was engaged in farming with his father. During his overseas service, where he attained the rank of First Lieutenant, he was distinguished for bravery, being one of the few Fayette County boys to receive the Croix de Guerre.

Miss Helen Conner, assisted by the girls of the Les Tricotseus club gave a merry weiner roast Friday evening. The young people gathered at the store house of the Barger farm on Elm street where a huge fireplace added radiance and dispelled the gloom of the rain on the out side.

After the fire and died down the guests gathered around and toasted weiners and marshmallows.

About fifteen couples took part in the merry making.

Twenty-four girls of Mrs. Frank M. Kennedy's and Mrs. Laura Martin's Sunday School classes of the Methodist Church with their teachers joined together for a merry picnic supper in the church dining room, Friday evening.

After the bounteous spread of picnic delicacies, impromptu speeches were made by the girls, Rev. and Mrs. K. B. Alexander, Sunday School Superintendent, Fred M. Mark and Mrs. Mark were guests.

Emmitt Hardway, son of Mr. and Mrs. O. E. Hardway proved himself a popular young host, Friday evening, when he entertained a number of his schoolmates at a very jolly roast at his home on the Creek road.

There was a huge bonfire built out of a great brush heap in an adjoining field to the home, and here the young people gathered to roast weiners and toast marshmallows and have one of the jolliest time possible.

The guests included Misses Jeanette

Haver, Elizabeth and Portia Brownell Mabel Sunkle, Beota Haines, Gayle Bowen, Vivian Everhart, Helen Kearney, Mary and Jane Durant, Pauline and Anna Lee Taylor, Jean Worthington, Helen Rodecker, Anna Lee McFadden; Ray Baughn, Ray Snyder, Selby Gerstner, Raymond Geiger, Harold Rodecker, Lamone Everhart, Frank Hamilton, Warren Baker, Loren Johnson, Raymond Paul, Oliver Miller, Russel Flee, Clarence Taylor, Charles Allen, Harold Shultz.

Mr. and Mrs. Jerome Taylor, Mr. and Mrs. Earl Johnson, Mr. and Mrs. Ben Baughn, Mr. Willard Everhart, Mr. and Mrs. Harry Rodecker, Mrs. Severs, Mr. Charles Moorehead and Mr. Oliver Martin the latter two members of the H. S. Corps of teachers and Miss Louise Arehart, of Columbus were also guests.

Herman Frey and Robert Merriweather were motoring visitors in Columbus Saturday.

Mrs. W. E. Taylor spent Friday in Columbus.

Mr. Milton Sever and two daughters, of Denver, Colo., who have been visiting the former's mother, Mrs. George Sever, went to Columbus Saturday to visit Mr. Loren Sever and family before joining Mrs. Sever in New York. Before returning to the West the entire family will visit the sisters in Chicago. Mrs. Geo. Sever accompanied her son to Columbus to spend Sunday.

Miss Mae Duffey was a visitor in Columbus Friday.

Mrs. Fred B. Creamer and Mrs. David H. Barchet are week-end guests in Columbus to see "Gloriana" at the Hartman Theater.

Mrs. D. L. Moore is at the bedside of her mother, Mrs. William Coffey, who is seriously ill at her home near Buena Vista.

Mrs. S. L. Drats, who visited Mrs. W. E. Taylor and family for the past five weeks is now with friends in Cincinnati, going on to Oklahoma for a short stay before returning to Los Angeles, Cal., to join her daughter, Miss Clara, for the winter.

Mrs. Minnie McClimans and daughter are visiting relatives in Hillsboro over the week end.

Mrs. Bella L. Ustick went to Cincinnati Friday afternoon to visit her daughter, Miss Anna Louise Ustick.

Miss Ruth Kelly went to Cincinnati Saturday afternoon to be the guest of her sister, Mrs. Vernon Schwalli over Sunday.

Orris McGinnis, who is attending Ohio State University, is down from Columbus spending the week-end with his grandmother, Mrs. Bush.

Mrs. Elizabeth Cockerill of Los Angeles, Cal., is a guest at the home of Mr. and Mrs. J. W. Cockerill.

Mrs. H. M. Roberts and little daughter Margaret went to Columbus Saturday, to be the guests of relatives over Sunday.

Mrs. Fanny Baughn is down from Columbus visiting friends here for the week end.

Messrs. Chas. McLean and Geo. Fabb returned Saturday from several days spent in Cincinnati and attending the races.

Mrs. Ralph Allen and sister, Miss Annette Stafford, spent Saturday in Columbus.

Mr. Ed Kissel of St. Paul, Minn. is the guest at the home of his cousin Mrs. J. W. Duffee. Mr. Kissel was a resident of this city as a boy. This is his first visit back since leaving about thirty-five years ago.

Miss Anna E. Miller is visiting for several days with Dr. and Mrs. Frank Wright at Wilmington.

Mr. Frank Flee is a business visitor in Baltimore, Md., for a week or ten days and also visiting his brother-in-law, Mr. C. R. Warren and family.

W. R. Dalbey returned Friday evening from a business trip to Hamilton, Middletown and Dayton. He reports housing conditions in these cities the same as in Washington C. H. — everything full up.

Mr. and Mrs. Frank Embich, who have been the guests of Mr. and Mrs. C. A. Briggs left Saturday morning for their home in Tulsa Okla.

Miss Margaret Schneider is down from Ohio State University spending the week end with her parents Mr. and Mrs. D. W. Schneider.

Mrs. Allen Hegler, who has been in a critical condition, is very low at her home corner Circle Avenue and Main street.

Mrs. J. P. Elton, of Xenia, visited her mother, Mrs. McClaren Thursday and Friday.

Mr. Ralph Mayer made a motoring trip to Columbus Friday. His mother Mrs. F. C. Mayer and Mrs. Charles Sever accompanied him.

Miss Angeline Cockerill came down from Ohio Wesleyan University at Delaware Saturday to attend the wedding anniversary of her grandparents, Mr. and Mrs. E. E. Cockerill.

Alice Elizabeth Ellis is spending a couple of days in Wilmington.

Dr. H. M. Roberts and Mr. L. G. Sprague, spent Saturday in Cincinnati, attending the Latonia races.

Misses Margaret and Elizabeth McDonald, James, Aloysius, Joseph Augustine and Francis McDonald will motor to Dayton Sunday to be guests at a dinner given by the Makely family in honor of Francis Walter Foeke.

Mrs. Claude A. Saxton has gone to Columbus to resume her professional nursing.

Mrs. Charles Swope came down from Columbus Friday to spend a couple of days with her mother, Mrs. Catherine J. Thompson, who is ill at her home on Paint street.

Mr. John McDonald left Saturday morning for St. Louis to attend the National Grain Dealers convention.

Miss Gladys Femmer is home from Ohio Wesleyan University for the week-end.

HISTORY WRITTEN OF
LOCAL RED CROSS

At the request of the Divisional Red Cross headquarters, the local unit of the Red Cross has compiled a history of its activities in this county forwarding, according to instructions, one copy to the divisional headquarters at Cleveland, one to national headquarters at New York and retaining one on file here, where they will be retained as a part of the files of the Red Cross.

The history has been made, also according to instructions, just as brief as it was possible to make it.

One copy has also been given the Washington Public Library for the use of the public.

Another is to be furnished to the local newspapers and the Herald hopes to be able to present either the whole of what must be a very interesting and gratifying history to the people of this county, at an early date, or if not in its entirety at least the most important parts of the history.

The local Red Cross unit, officers and members have made a record to be proud of and the people want, now that the stress is over to read that record in time of peace.

HOME IS SHADOWED
BY THE DEATH ANGEL

Washington friends of the Poole family learned with sorrow and sympathy of the death of Frances Poole, the fourteen year old daughter of Mr. and Mrs. James Poole, formerly of this city, at their home in Hamilton, Ohio, Friday afternoon at half past two o'clock. Tuberculosis was the cause of her untimely death.

She was a bright and winsome girl, an only daughter, one brother, James, surviving with the parents, in the home. Mr. R. A. Richardson, of this city, was her grandfather.

The body will be brought here on the five o'clock train Monday afternoon and taken to the home of Mrs. Poole's sister, Mrs. Ruth Richardson Clarke.

Funeral announcements will be made later.

DEATH SUMMONS
MRS. E. H. SIBERT

Mrs. E. H. Sibert, highly respected citizen of the Jeffersonville community, Friday passed away at her residence three miles east of Jeffersonville. Mrs. Sibert had been in failing health for several years past. She had seemed to improve but her condition became worse Thursday evening.

She is survived by seven children, Mrs. Wallace Ervin, of Madison county, Mrs. C. P. Shively, of Springfield, Miss Katherine Sibert, Miss Ruth Sibert, Charles Sibert, Omar Sibert, and Vernie Sibert. A sister Mrs. Mary Conner lives in Dayton.

Funeral services were held Saturday afternoon at the home. Burial was made in the Fairview cemetery.

MYSTERY STREAM
IS THREATENING
SWISS TOWNS

Geneva, Switzerland, September 8. (By Mail)—Anxiety is felt by the inhabitants of several villages in the Engadine district because of the vagaries of an Alpine stream which has appeared in 3 different places during the past six weeks and as promptly vanished. The stream after cutting beds near village disappeared over night.

In one instance the torrent passed quite close to the tourist resort of Bergun, causing the resort to become deserted. Swiss engineers have traced the source of the stream to Lake Raveisch but failed in their experiments with colored water to

GEORGETTE SUIT BLOUSE OF DARK COLOR
IS IMPERATIVE FOR THE WINTER SEASON

Dark blouses to match the suits will be very fashionable this winter. Georgette is, of course, the accepted fabric. One wonders what we did before Georgette was put in the market. This novel blouse is of walnut colored georgette. It is embroidered on the cowl collar and peplum in the same shade, and beads of a bright orange shade are placed in a conventional design in the front. The three-quarter sleeves fall in graceful folds and have piped edges. This blouse with a plain suit skirt would make a charming afternoon costume.

MASS MEETINGS AT "Y" SUNDAY

General Secretary Fraser of the Y. M. C. A. has arranged a program for Sunday afternoon at the "Y" to include both the men and the boys.
At three in the afternoon a Men's Mass Meeting will be addressed by Dr. Daniel F. Rittenhouse of Columbus. Dr. Rittenhouse is an orator of great ability and is very popular in the Chautauqua circuit. He will have a vital message for the men on the subject, "The Modern America."
Miss Edith Gardner will sing with Miss Light at the piano.
At two o'clock the boys' meeting will be featured by a series of cartoons drawn by Glenn Boots, the boys' work secretary of the Y. M. C. A. All the boys are invited to attend this meeting.

FUNERAL SERVICES MRS. PATRICK CLARK

Rev. Father Fogarty conducted the funeral services of Mrs. Patrick Clark at Saint Coleman's Church Saturday morning at nine o'clock, reading the Requiem Mass.
Although living here but a short time, the Clark family have made many friends, and the church was filled with relatives and those friends, who had learned to know the one whom the services honored.
Mrs. William Smith played softly at the organ, while Miss Mary Shannon sang a favorite hymn.
Messrs. Frank Cassin, Thomas and John Clark, Albert Cassin, Joseph and Aloysius McDonald acted as pall bearers and burial was made in St. Colman's cemetery.
The floral offerings were beautiful. Those who came from a distance for the services were: Mr. Dennis Cassin, Miss Mary Cassin, Mr. Mike Cassin, of North Vernon, Ind.; Mrs. Patrick Burke, of New Albany, Ind.; Mrs. Mollie Cassin, Mr. Albert Cassin, Mr. John Cassin, Mrs. John Clark, all of Cincinnati; Mr. James Clark, Mr. Anthony Clark, Mr. Thomas Clark, of Indianapolis, Ind., and Mrs. Martin Kennedy, of Sabina.

BURGLARS VISIT JEFFERSONVILLE MAKE RICH HAUL

Burglars got away with several hundred dollars' worth of goods from business houses in Jeffersonville, Friday night, leaving no trace behind them, although it is believed the work was done by outsiders who used an automobile to transport the stolen goods.

The Hoppes garage was visited and \$5 removed from the cash register. Automobile goods also were taken. At the Routsen dry goods store ten pairs of blankets, ten pairs of rubber boots, several rain coats and other clothing was stolen. Entrance was gained through a cellar window.

At the Bobo hardware store two \$55 shot guns and a number of other articles of considerable value were taken by the thieves.

So quietly did the burglars work that the proprietor of the store, who lives in rooms over the store, was not aroused.

Every effort is being made to locate clues that may lead to the apprehension of the thieves.

LIBERAL CHECK IS GIFT FOR PLAYGROUND

Friday the ladies of the Sunnyside Red Cross Unit were surprised and pleased to receive through the mail a check for fifty dollars for additional equipment for the Sunnyside children's playground.

The check is the gift of the Sears-Nichols Canning Company through the kindness of the manager, Mr. H. J. Bliss.

The apparatus to be purchased with the check has not yet been fully decided upon, but will be in accordance with the approval of Superintendent McLean and the Board of Education.

In a few weeks the Sunnyside school will have the finest equipped playground in Fayette county.

Nearly all of the new apparatus is portable and may be stored during the winter.

The women of the Sunnyside Red Cross Unit are deeply grateful to Mr. Bliss and The Sears and Nichols company and to other firms and persons for generous offerings.

The women of Sunnyside hope to retain their organization indefinitely for future good work and emergencies.

BARBERS' STRIKE COMES TO AN END

The strike of barbers in Chillicothe which has been under way for the past two weeks, has come to an end.

Salary differences were adjusted satisfactorily to the men, who in turn conceded on one of the points of their demands, that of the raise in the price of shaves, as their rate scale decided on by the union asked that shaves be increased to twenty cents and haircuts from thirty-five to forty cents and wishing to be fair with the men in not demanding that they concede everything the forty cent price was allowed to stand.

COLORED YOUTH HELD FOR STABBING

Charles Elder, 17-year-old colored youth of Chillicothe, is under arrest in that city for stabbing, probably fatally, William McDaniels, also of Chillicothe.

One stab wound was inflicted in the abdomen and the other penetrated the left lung. Elder is said to have used a four-inch pocket knife which he had purchased and whetted to a keen edge for the attack.

FARM NOTES

Here's Good News for
Buckeye Orchardists

Apple blotch which has been causing an annual loss of thousands of dollars in Ohio and which has been increasing rapidly for several years is being controlled. Demonstrations in Clermont county this year, in cooperation with the farm bureau and the Agricultural College Extension Service, show that spraying with bordeaux mixture has been almost 100 per cent effective.

The first application of the mixture is made two weeks after the petal-fall and continue for two or three applications at intervals of about two weeks. Since the blotch infects the twigs as well as the apples and as the blotched twigs are the sources from which the disease recurs each year it is necessary to keep the infection from the twigs as well as the fruit. The cankers probably remain alive for three years so that it is necessary to continue the spray program at least this long, even after the fruit remains unblemished.

Men troubled with blotch in their orchards can well afford to do considerable twig pruning this winter, according to horticulturalists, in order that a large number of cankers can be removed.

and vetch on corn land to be replanted to corn is being done this fall more than ever, particularly in the rolling and hilly sections of Ohio. The seed for this crop may be sown as soon as the corn is cut. A satisfactory mixture consists of 5 pecks of rye and 2 pecks of vetch sown same as wheat at the rate of six pecks to the acre.

While the price of vetch seed is pretty high, enough seed will be produced on a small acreage in one season to enable the farmer to employ this practice on a more extensive scale the following year, with a relatively small outlay. If the crop is allowed to mature, upward of 20 bushels per acre of the mixture can be obtained. The vetch should be inoculated if sown on ground on which it has not been grown before. The clover crop not only prevents washing but adds nitrogen and organic matter to the soil and may be pastured in the spring.

FIELD CONTAINS EXTRA LARGE EARS

Earnest Smith living near New Holland has a field of five acres of Missouri White corn which contains some of the largest and heaviest weighing ears grown in the county.

It requires but 35 to 40 of the largest ears to weigh a bushel. One of the ears is on exhibition at the Sanitary Barber Shop. It weighs 27 ounces, measures twelve inches in length and is eight and one half inches in circumference. The ear is also almost perfect in shape and proportion.

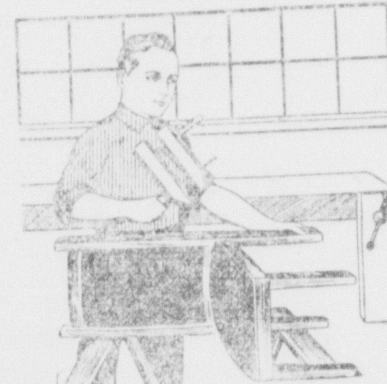

ENORMOUS SUMS FROM WAR STORES

London, September 11. (By Mail)—The government has already realized \$812,500,000 by the sale of war stores which it had on hand when peace was declared. Hundreds of motor cars and trucks have been marketed at prices frequently in excess of the price originally paid for them by the war office owing to the great scarcity of cars.

Prohibition party says it is not dead.

SUGAR SHORTAGE WILL CONTINUE FOR SHORT TIME

Beet Sugar in Quantities Sufficient to Meet All Demands Expected Soon.

Majority of Families in This Part of Country Have Fair Supply.

Another sugar shortage has struck the dealers of the state. However this city is said to be much better supplied than many surrounding places.

Local grocers are forced to sell but twenty-five and fifty cents worth to a customer. They are forced to do this because of the fact that they are only able to buy it in small quantities and at infrequent intervals.

Grocers state that every day they have a number of calls from retailers in other cities asking for sugar. These men ask for as little as twenty-five pounds. The appeal is especially from Springfield and Dayton where only a pound may be purchased by a customer.

Owing to the fact that it will be two to three weeks before beet sugar will make its appearance in the market—the scarcity is expected to continue until that time after that sugar probably will be plentiful. This condition is brought about by the sugar zones which have been deined by the government, and a temporary shortage. It is declared that it is impossible to ship cane sugar into this zone closer than Pittsburg, or the Ohio river.

POULTRY PAYS

Consider the case of Petaluma.

Petaluma, a city of 6,000 is the richest city per capita, in the world.

It has five busy banks with total resources of \$10,185,739.24.

Poultry alone made Petaluma.

4,000,000 Petaluma hens lay 450,000,000 eggs a year.

Poultry Pays and can be as successfully raised in Fayette County as in Petaluma.

Get into the poultry game. Plan a big crop and see it through.

In possibly three weeks the beet sugar will be available and the shortage will be over although the grocers of this city prophesy that the price will be some higher.

Meanwhile but small amounts of sugar can be purchased by the retailers and wholesalers, this amount is distributed to the people as evenly as possible, although it is understood that the majority of sugar users, particularly in the rural districts, have supplies on hand.

WHAT A HOSPITAL WILL ACCOMPLISH

In regard to the hospital discussion the question that the majority of the people ask is: "What will the hospital do for the community?"

The purpose of the hospital will be to care for the people of the community the least possible cost and at the least inconvenience to others.

The care of the sick poor of the county and city has always been a perplexing question to the citizens. No man ordinarily wants to be a pauper if it is in his power to avert it. Cases brought to light at the Fayette Hospital show that people do not want charity but that they wish to pay their own way if possible; in the poorest cases the persons have always wanted to pay at least something to keep the name charity away from them.

It is announced that it will be the policy of the new hospital to continue in this manner. If the patient in the family of needy circumstances is taken to the hospital it gives time for the head of the family to continue his occupation instead of aiding in the care of the sick person as is most generally the case. This plan is also much better in the case of epidemics and contagious diseases. By removal of the patient to the hospital the danger of contagion to the other members of the family is diminished to a small percent.

Thus the new hospital will lessen the cost to the county of caring for the sick by taking them to the hospital instead of hiring special nurses for a case. And it has been proved that in most cases the person always pays at least a portion of the expense in order to keep his standing in the community as an American citizen instead of pauper.

ARCHITECT HICKS MOVES TO ERIE

On Saturday morning Mr. J. H. Hicks left for Erie, Pennsylvania, which city he will make his future home. Mr. Hicks has been a resident of Washington for some twelve years past and during that time has been an active and useful citizen.

He leaves the evidence of his activity and his ability with the community. He has drawn the plans for and supervised the construction of some fifteen handsome new centralized school buildings in this community all of them within a radius of twenty miles of this city. Mr. Hicks also drew the plans for Wilmington's handsome new Baptist Church, a number of handsome lodge buildings in the nearby cities and towns, besides a great many of our beautiful urban and rural homes.

His ability has been recognized also in his being chosen as a member of the city council, in which position he is still serving the public.

Mr. Hicks' removal to Erie is in the nature of an advance as it offers a larger field for the talents he possesses and in addition to that it is a return to his former and boyhood home. Mr. Hicks' mother is a resident of Erie and his two daughters are at present with their grandmother.

His office and household furniture were shipped to Erie on Friday and Mr. Hicks will drive through in his automobile, stopping enroute at Martins Ferry over Sunday.

Tires are no exception to the rule — "you get what you pay for"

A few months ago you could gain a fair estimate of a tire's final cost—real cost—by dividing its price by mileage guaranteed.

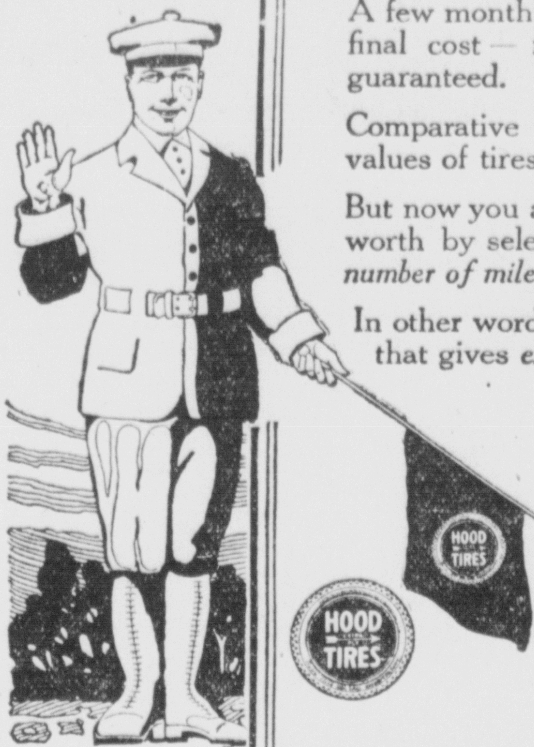

Comparative guarantees, therefore, indicated comparative values of tires.

But now you are much more certain to get your full money's worth by selecting a tire on a basis of price divided by the number of miles past records have shown that it will actually deliver.

In other words, the price of a tire—based on the quality that gives excess mileage—is what it will pay you to consider before deciding which tire to buy.

HOOD prices have always been a barometer of relative tire values—and always will be.

Ask us to show you WHY the HOOD EXTRA PLY is the lowest price tire on the roads to-day
